*At the State Fairgrounds at
INDIANAPOLIS, INDIANA

The mature females in this sale have all produced animals that have attracted the favorable attention of every student of the breed. Every one of the many visitors to this herd in the last fifteen years has commented upon the great uniformity and high quality of its matrons and their productions.

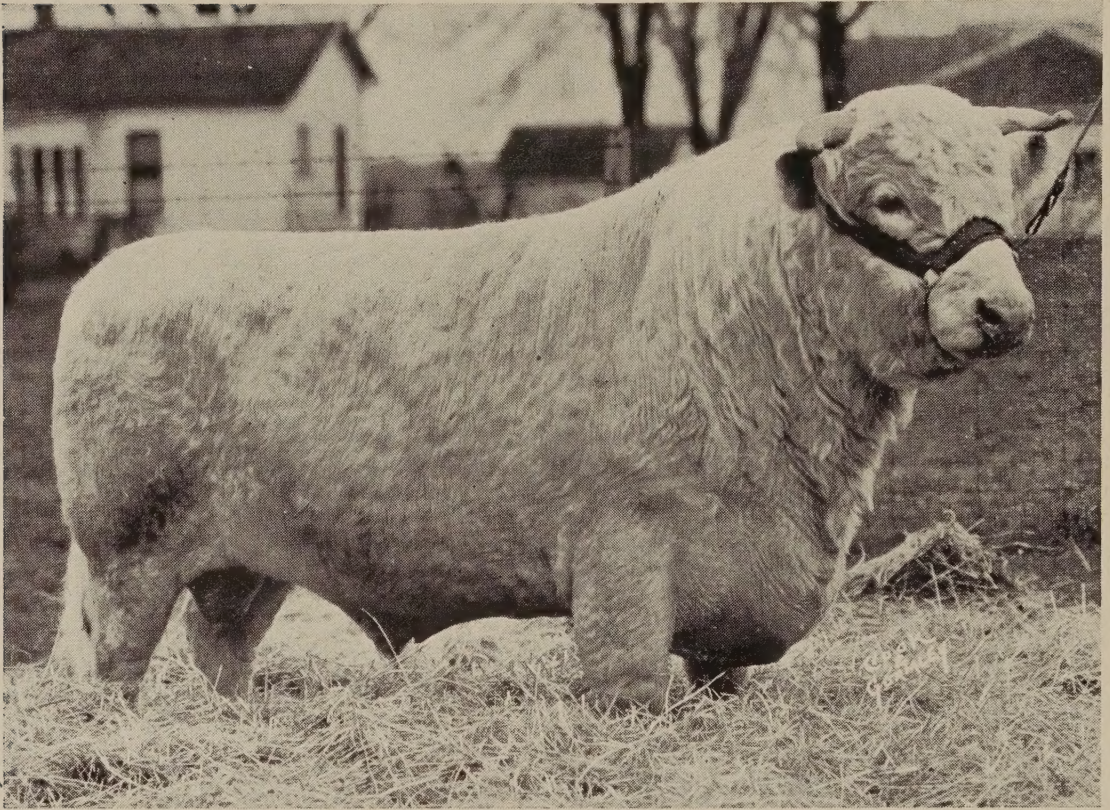

ALTHOUGH circumstances make necessary at this time the reduction of the herd, we wish to make it very plain that we are not dispersing and that the Raveni Herd may be considered in the future, as in the past, one of the top sources of supply for correct Scotch Shorthorns. We have made every effort to be perfectly fair with the public in this division of the herd and approximately half of the animals of each age are listed in this sale. In view of the fact that we have always culled the herd very closely for any animals that are in the least measure undesirable, we feel that the animals that are to be sold are of equal quality to those we are retaining.

For the convenience and comfort of our patrons, we are holding this sale in an enclosed building at the Indiana State Fair grounds. It is not far from there to our farm, two miles due west of Fairland, Indiana, and breeders are invited to visit the farm at any convenient time. It is not easy to release these thoroughly proven breeding animals and these promising prospects now, but there will be compensation in the assurance that each of them will continue a history-making breeding career that started at Raveni Stock Farm. It will be a pleasure to welcome all of you on November 14th at Indianapolis.

T. DORSEY JONES.

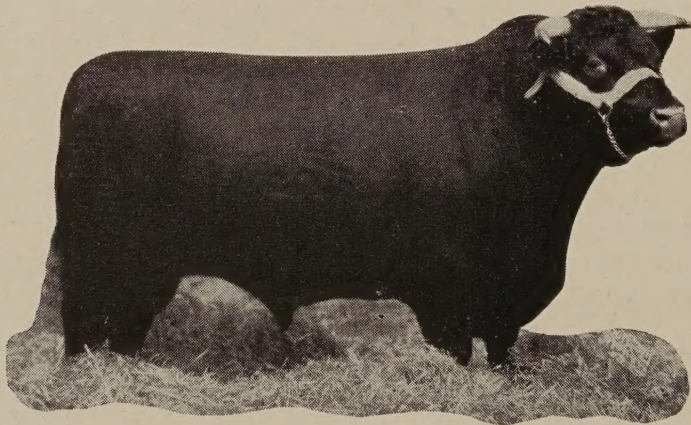

THE PERFECT NICK

BROWNDALÉ PILOT 1653006

Photo taken at 12 years of age

Browndale Pilot has made a breeding record that rivals the records of his immortal ancestors, Browndale Count, Avondale and Whitehall Sultan. Mated with daughters of Browndale Star, a great son of Browndale Count, the progeny was of such uniform excellence that the expression "The Perfect Nick" was coined to describe this mating. Both of those bulls were used exclusively in Raveni herd and their influence is evident in the grand cattle in this sale.

*Killearn Norseman
5th = 270969 =.*

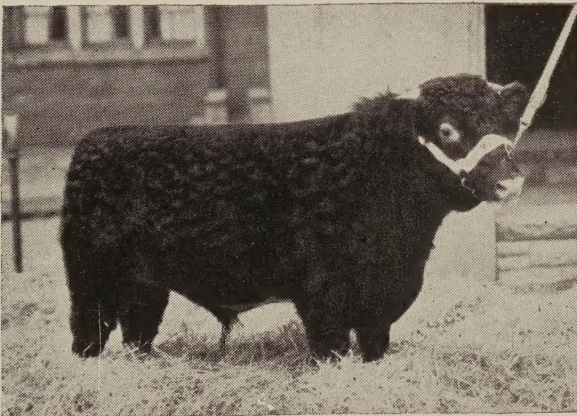

This thick, smooth, blocky, wide, deep, short legged, good headed, solid red bull was bought for use as a herd bull at Raveni Farms, at the Gallingier sale at Edmonton, Alberta, last May. He is developing well and several of the

KILLEARN NORSEMAN 5th = 270969 =

cows and heifers in this sale have been bred to him and are safely with calf.

His sire is the noted Norseman (Imp.) that was sired by Coldoch Sensation, bred by James Durno, Uppermill, Scotland, and was reserve supreme champion at the 1943 Perth show and sale. His dam, Danny's Golden Gem, is a Lavender by the noted Danny Boy (Imp.), a son of Aldie Prince Regent and a grandson of Naemoor Jasper. Killearn Norseman 5th is destined to become as well and favorably known as the other great sires that have been used at Raveni Farms.

KLAYMOR COMET 2001798

Klaymor Comet 2001798 was added to the list of herd bulls at Raveni in 1939. He was shown at the International Stock Show that year, winning first prize. His first bull calf sold at auction was bought by Wm. A. Allison's Sons at \$2400.00, and proved to be an improving sire.

Klaymor Comet was an effective sire at Raveni Farms. His get in this sale are of good color, excellent type and grand quality and character. He was sired by the famous Collynie Royal Barrage (Imp.) and his dam is the splendid red cow, Aldie Princess Gloria (Imp.). This picture was taken as a calf.

HEALTH—Raveni herd is Federally Accredited free of tuberculosis, the certificate number being 176167. During recent years the heifer calves have been vaccinated each year against Bang's disease. All the cattle in the sale have been tested for Bang's disease and certificates of health will be furnished.

Browndale Chancellor 2096779 is a solid red bull of excellent lines with a good head and his calves are all that can be desired. There are 13 of his get in this sale, including calves at foot, 11 heifers and 2 bulls. They provide an opportunity to see how well he is breeding. Note that his sire

BROWNDAL CHANCELLOR 2096779

won first prize at the International Stock Show in 1939 and that we sold his first calf to head the Allison's Sons herd for \$2400. The dam of Browndale Chancellor is one of our famous Roan Lady family by the great Browndale Star, one of the two bulls that gave rise to the expression "The Perfect Nick." If the herd were not being reduced to only 25 head, most of which are closely related to this bull, he would not be for sale. This is a grand opportunity to buy a wonderfully potent tried sire.

TEMPLAR'S ELECT 2226600

Templar's Elect 2226600 is a young, tried sire from which we are loath to part. He is one of three grand bulls with outstanding pedigrees that head this herd. As the herd is being reduced to about 25 breeding cows and as Templar's Elect and Browndale Chancellor are each very

closely related to about half of those cows, we decided to retain Killearn Norseman 5th and to sell these two. Templar's Elect is a white bull and of the 14 ancestors that show in this pedigree 10 are red or dark red roans and the others are medium roans. We bought him originally to use on Klaymor Count heifers and he has sired a number of the best calves at Raveni Farm. In the sale are a bull and a heifer calf of good dark roan color and excellent type to show how he produces. In the herd that we are keeping, 10 of the cows are now bred to Templar's Elect and we have some excellent dark red roan calves by him. Young sires that are as good in conformation and character as this and with such impressive pedigrees are difficult to obtain. He should take a place at the head of a first class herd.

Raveni Jasper is a very dark red roan and a real summer yearling show bull. He has a grand masculine head, straight lines, is level and well balanced on good, short, straight, sturdy legs. He is a bull of excellent fleshing qualities, and in fact is a truly great herd bull prospect. His

RAVENI JASPER 2255616

dam produced, among others, the 1944 Indiana State champion bull that now heads the herd of Wm. A. Allison's Sons. She is a grand imported Clipper cow and it will be noted that her two grandsires are the great Scottish show and breeding bulls Royal Northern and Coldoch Union Jack. This bull will improve any herd into which he may go.

She has a roan bull calf dropped Oct. 3 and sired by Templar's Elect, Lot 2 in this catalog. It is a very promising calf and with its good pedigree is sure to become an impressive sire.

Raveni Clipper 10th is a full sister of Browndale Guardsman, the first bull calf that we ever sold sired by Klaymor Comet. He was bought by Wm. A. Allison's Sons in our sale at \$2400. This is a real attraction to this sale. She is the kind we would prefer to keep but we are sharing our herd with our customers. She will be sold open as we believe that she will do a great deal toward establishing the good reputation of the bull to which she is bred.

Raveni Augusta 29th is a grand calf of beautiful character. Her mother was one of our best show cows in her day, having won first prize in many state fairs, and we believe that this heifer can go along and equal the record of her dam. She is of a

RAVENI AUGUSTA 29th 2255623

family that has produced remarkably well in this herd and is sired by the bull that sells as Lot 1 in this catalog. She is right ready to be bred and has been kept open for this sale.
